NATIONAL SERIES 2026

“SHOOT MORE !”

Master Reloader Shooting Competition Rules

Competition Format

1. Monthly Targets (2-Month Cycles)

1. Competitors will shoot **six (6) three-shot grouping targets per cycle:**

1. **Three (3) targets at 100m**
2. **Three (3) targets at 200m**

2. Competition cycles are structured as follows:

1. **Cycle 1:** April & May
2. **Cycle 2:** June & July
3. **Cycle 3:** August & September
4. **Cycle 4:** October & November

1. Local club and Private Ranges:

- Competitors can shoot the targets at their local club shooting range or private range.

2. Submitting Results with Target Code System:

- To ensure competitors shoot the targets marked for the specific cycle, the organizer will send a unique target code on the first day of every cycle. This code must be written on the targets for that cycle.
- Before shooting the targets, competitors must take a photo of the target with the code and an ammunition round that will be used for the grouping.
- After shooting, the shooter must send the following to the organizer at agrashootingevents@gmail.com before the last day of each cycle:
 1. A clear photo of the target groupings with the visible code.
 2. Group measurements clearly marked.
 3. The initial photo of the target with the code and ammunition round.
- All photos must be taken at a clear angle that ensures legibility.

3. National Ranking and Winner Determination:

- Competitors will shoot a total of **12 targets at 100m** and **12 targets at 200m** during the 2026 season.
- A monthly ranking will be published, showing the leaderboard per class and caliber based on total scores.
- The overall winner for the **Master Reloader 2026** per class will be determined by summing **all the groups** shot at 100m and 200m.

Entry Fees

1. Fee Structure:

- N\$ 500.00 per competitor or per caliber. Maximum two entries per competitor per class; different rifles must be used per entry.
- [Entries close: 20 April 2026](#)

2. Submission Requirements:

- The entry form with proof of payment must be sent to the organizer before 20 April 2026 to agrashootingevents@gmail.com

3. Bank Details:

- **Agra**
 - Bank: Bank Windhoek
 - Account Number: 8001 495 664
 - Reference: 85728H1 Name and Surname

Competitors

1. Eligibility:

- The competitor must be the owner of the rifle.
- Juniors (under 18) may participate using their parent's rifle under parental supervision. The firearm must be licensed in the parent's name.
- Family members may share rifles.

Shooting Process

1. Flexible Timing:

- Targets can be shot on any day of the month in the cycle and at any time of the day. Competitors must notify the witness in advance of the shooting session to enhance transparency. Competitors are encouraged to choose the best conditions for their shooting.

2. Grouping Rules:

- The grouping will be shot in a sitting position from a shooting bench.
- All groupings must be shot with the same rifle throughout the competition.
- WBSF/NBSA targets will be used for the competition.
- Groupings will be measured from the two furthest shots on the target's outside edge. The bullet diameter will be deducted from the measurement (e.g., Caliber .308: 15.62mm minus 7.62mm = 8mm).
- There must be three (3) shots on each target. Honesty is expected.
- Shots outside the grouping frame will incur a **25mm penalty** added to the group size. See target example

3. Witness Requirement:

- All shooting must be witnessed by another person, who must confirm the group measurements. The witness must be an adult and can be a family member, fellow shooter, or trusted acquaintance who understands the competition's rules and integrity requirements. Honesty and integrity are critical to this competition.

4. National Ranking:

- The organizer will maintain a National Ranking, updated regularly with competitors' grouping results as they are submitted.

Target Requirements

1. Official Targets:

- Official targets, stamped and labeled, will be provided to all competitors. These targets will be sent to competitors via mail or made available for collection at designated distribution points at least one week before the competition begins. Only these targets may be used for the competition.

2. Target Retention:

- Competitors must keep all targets safely for verification if required.

Ammunition

- Competitors must use their own ammunition.

Rifle and Scope Requirements

Hunters Class:

1. Allowed Calibers:

- 22-250 Remington, 222 Remington, 223 Remington, 243 Winchester, 6mm Musgrave, 6mm Creedmoor, 6.5x55 SM, 6.5x57 Mauser, 260 REM, 6.5 Creedmoor, 6XC, 25-06 Remington, 7mm Rem Mag, 7x64 Brenneke, 7x57 Mauser, 308 Winchester, 30-06 Springfield, 300WSM, 300 Win Mag, 300 H&H Mag, 375 H&H Mag, 9.3x62 Mauser, 270 Win & WSM, 338 Win Mag.

2. Specifications:

- Barrel length: 22-28 inches.
- Barrel diameter: Max 22mm at the crown on a 26-inch barrel.
- No tuners or muzzle brakes.
- Rifle stock: Max width 65mm; must be removable from the action with action screws.
- Scope magnification: Unlimited.
- Rest: Shooting rest must be two pieces (front rest and rear bag). No one-piece rests allowed.
- Only a front rest that adjusts height is allowed; no specialized front rests or bipods allowed.

Open Class:

1. Allowed Calibers:

- Unlimited.

2. Specifications:

- Barrel: No limit.
- Tuners and muzzle brakes are allowed.
- Rifle stock: Must be removable from the action.
- Scope magnification: Unlimited.
- Rest: Shooting rest must be two pieces (front rest and rear bag). No one-piece rests allowed.
- Bipods allowed.

Additional Rules

• Wind Indicators:

- Wind indicators are allowed in all classes.

Important Notes

- **Integrity and Sportsmanship:** Honesty is the cornerstone of this competition. Witnesses must validate all results, and any dishonesty will result in disqualification.
- **Target Submission Deadline:** Results must be submitted before the last day of the cycle. Late submissions will not be considered.

Prizes:

To promote fairness and encourage participation, the Master Reloader Competition will implement a lucky draw for all competitors who successfully submit their three targets for that cycle.

Each cycle, six prizes will be drawn among eligible participants.

Additionally, at the end of the competition series, all competitors who have participated in every event throughout the year will be entered into a grand lucky draw, where three major prizes will be awarded.

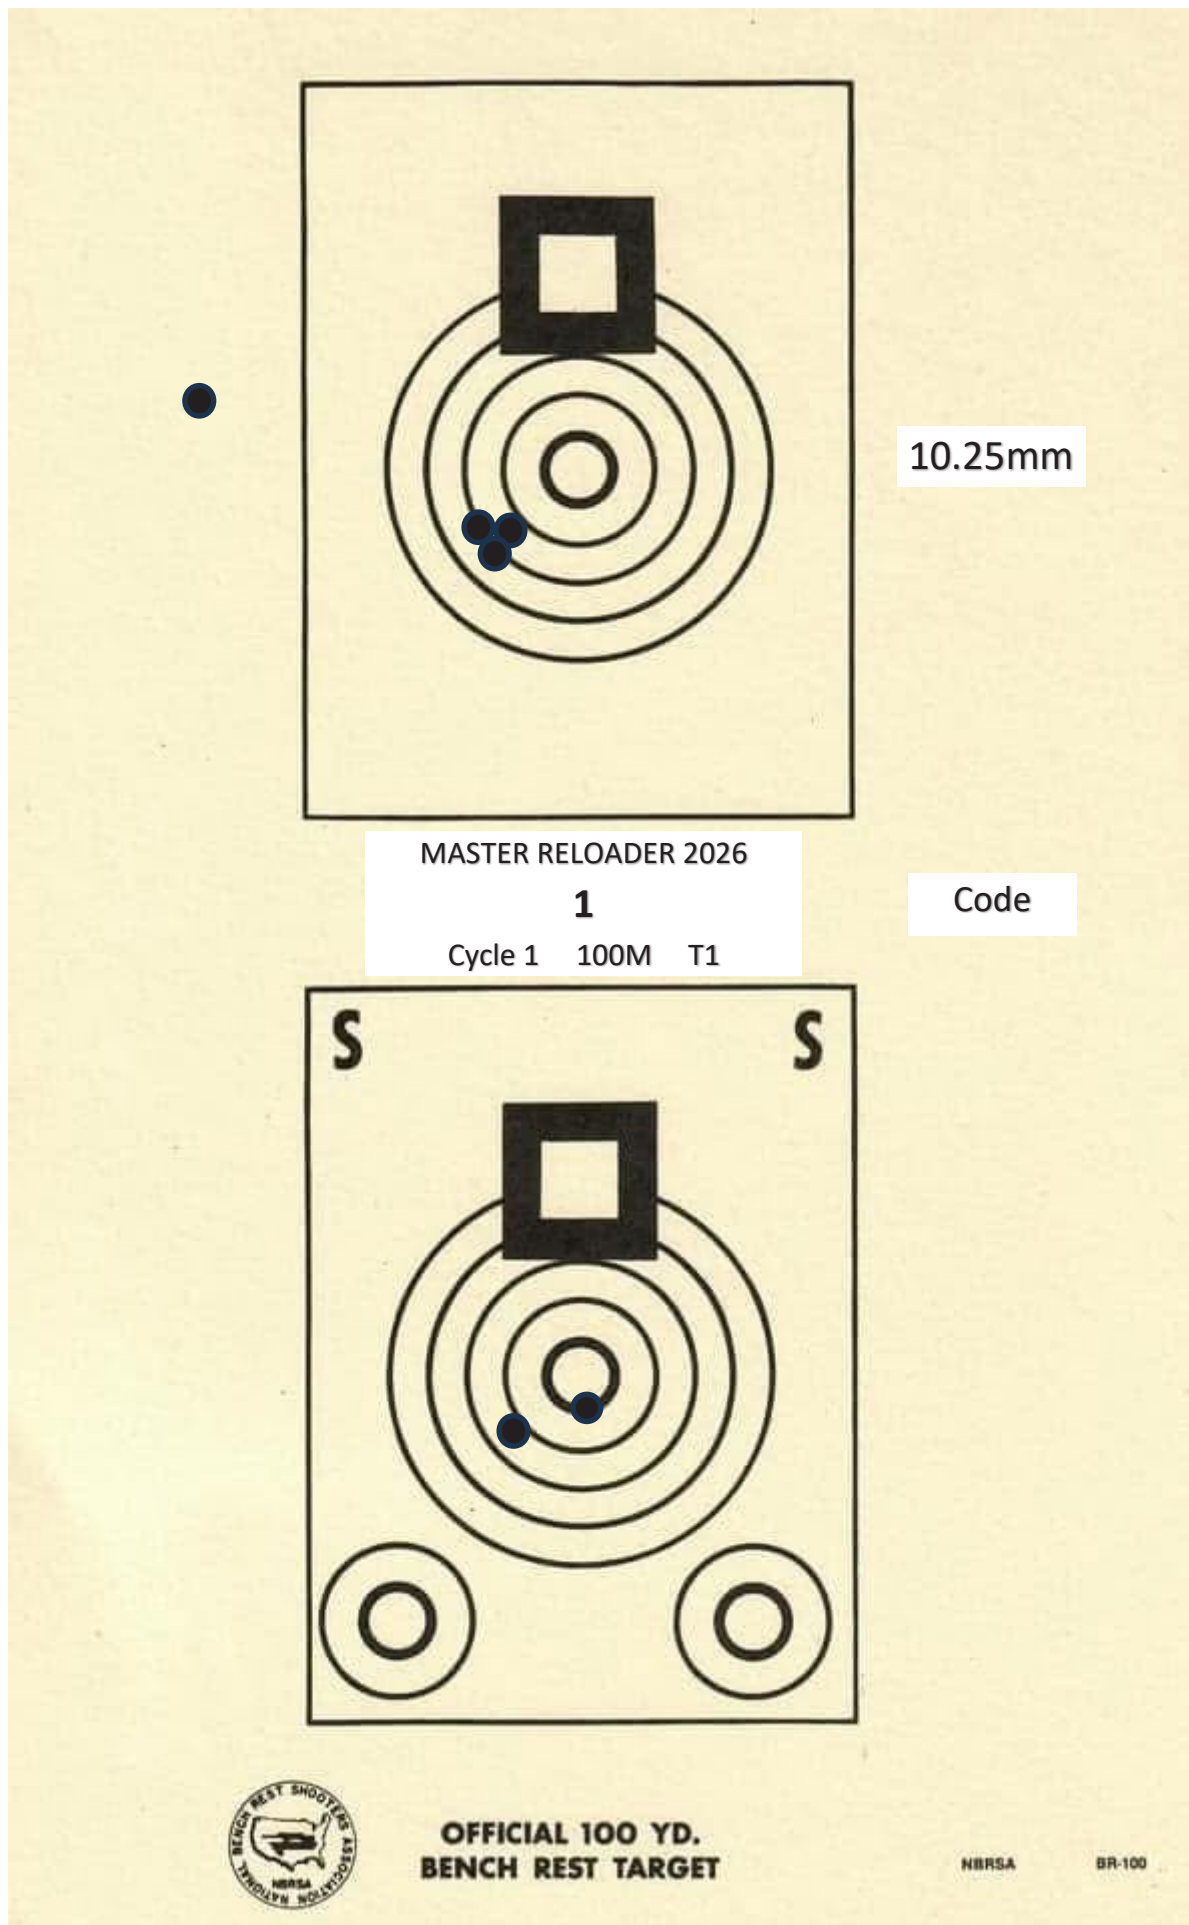

This system ensures that dedication and consistent participation are rewarded, fostering an inclusive and engaging competition environment while maintaining integrity in the results.

Shooting rests for Hunters class:

Rear Shooting Bags

Target example: The shot outside of the rectangular border of the target is a penalty shot (25mm penalty) and is not measured with the group. The group is first measures, and the Penalty is added to it. Example: Group of 10.25mm + penalty of 25mm = 35.25mm
